A FANTASTIC JOURNEY TO THE VERY CORE OF REALITY

With the enthusiasm and curiosity of the researcher, Wald Whittman, a rising star of the zombie film genre, immersed in his frenetic party life, surrounded by desirable women, finds himself entering the world of "non-everyday reality". It's an enormous undertaking to create a Buddha who goes beyond the Buddha we have come to know and accept, and turn the vital question of man and humanity on its head, for my young friend Wald who - expelled from Vienna and pursued by Islamic terrorists - makes his way to Kashmir, India, where he not only comes upon the ominous Prince and his companion Mr. Osama bin Laden, but also upon his long-sought love and the reason for his existence.

A comedy of salvation for theists and atheists, a humorous trip full of surprises and, as it seems, the long-sought master key to everyone's desires in this world.

FROM TRADITION AND MODERNISM TO POSTMODERNITY

Living in the zeitgeist always carries a high price. Mass phenomena such as perversion, burnout and depression make clear that we as a society actually have no choice: we have gone too far in bearing the control and regulation of liveliness on the basis of a mechanistic, reductionist worldview and are in doing so slamming into the wall. A large number of patients are the outriders of a system crash. They are symptoms of the defects of our time, but we are blind to the warning signs.

Humanity's experience and evolution are much richer and have much more to offer than the zeitgeist today or of any other time, epoch or culture. Join the author on his journey through Europe, India and China between, behind and above one and all the spirits of the time in search for the essence, the meaning, the liveliness, for a universal classic and society which is dedicated to answering the simplest answers to the most difficult questions ever.
